Message from Our Chairman

Nitin Jain

I'm deeply honored to established and lead **HiWAY Lighting Solutions Pvt Ltd**, a renowned LED brand in India. I did Master of Computer Application degree from RGPV University in Indore and worked for 13 years in IT industries as Solution Architect and had wide industries experience by working different countries and cultures. I worked in USA, Denmark, Australia and China for many years. I have executed million dollar projects successfully across countries. Due to progressive vision and strong felling to serve for India, I quit the job in USA and started my own business in LED Lights. I started business carrier with products trading, setup own brand and in a very short period of time setup a manufacturing unit as "**HiWAY Lighting Solutions Pvt Ltd**"

Agility and innovation will be crucial to our continued success. Let's build on our past achievements, embrace the future together and continue exceeding expectations.

As a Chairperson, I pledge to lead **HiWAY** company with vision, integrity and unwavering dedication to our core values. Let's reaffirm our commitment to excellence, foster collaboration and inclusivity and strive to exceed expectations. I extend my most profound appreciation to every member of the HiWAY family. Let's march forward, inspired by our past achievements and driven by limitless possibilities.

Relationships are key to success. We value our customers trust ad strive to exceed their expectations through open communication and collaboration.

Thank you for considering **HiWAY** family.

ENTERPRISE INTRODUCTION

We **HiWAY LIGHTING SOLUTIONS Private Limited** are known as the prominent Manufacturer of LED Lights located in Indore, MP. We are proud of being one of the most trusted brand in lighting Industry in India. We have continuously focused on embracing the cutting edge technology to deliver highly efficient products for numerous lighting applications areas and have always believed in offering our customers the best in class, latest design, environment friendly lighting products and solutions. Our endeavor has also been recognized by some of the most important and influential organizations which reaffirm our right approach towards leadership, technological innovation, customer service & strategic product development.

HiWAY offers complete lighting solutions for residential, commercial, architectural and outdoor applications. Our extensive and comprehensive portfolio lets you choose for varied budgets without compromising on quality and reliability with innovative technology that includes high quality drivers and unmatched services.

Under the efficient management and proficient guidance of our Directors, Mr. Nitin Jain, we have attained a distinct position in the industry. Their leadership abilities have provided the entire organization, the essential driving force to stay ahead of the competitors. We are committed to green light for global energy conservation and environmental protection. Our products ensure minimum carbon footprint to contribute towards building a greener country.
